

Selected Solar Kits Projects

Residential installation – Baabda

- 3 KWp, 12 PV modules 250 Wp
- 3000 W inverter
- Net metering with power storage 14,400 Wh

Residential installation - Chouf

- 3 KWp, 12 PV modules 250 Wp,
- 3000 W inverter off grid
- power storage 10,800 Wh

Residential installation - Chouf

- 3.2 KWp, 12 glass PV modules 265 Wp
- 3000 W on grid inverter
- net metering with power storage of 9,600 Wh capacity

Selected Solar Kits Projects

Residential installation – Chouf

- 8 KWp, 30 glass PV modules 265 Wp
- 3 x 3000 W on Hybrid inverters
- Net metering with power storage capacity of 32,400 Wh

Residential installation - Qasmiyeh - South Lebanon

- 38 KWp, 138 PV modules 275 Wp
- 2 SMA Sunny Tripower 20000TL inverters
Grid connected
- Net metering + synchronization with existing diesel generators
